Start date: September 2018

Would you like to grow your career working in a key role within a highly successful Sixth Form in a vibrant and diverse school in Inner London?

Haverstock is an incredibly diverse mixed comprehensive school in the heart of Camden which is on a rapid journey of improvement. Our Sixth Form is very popular with over 200 students on a range of academic and vocational courses and career and support programmes that have achieved national recognition.

We are looking for a well-qualified graduate who will lead the Haverstock Sixth Form Study Support Service and inspire our students to develop a love of learning and effective independent study skills.

This is a superb opportunity for a talented individual who has the ambition and skills to make a difference to our students as they move through our Sixth Form and prepare for the first steps in their adult lives. The successful candidate will support students in developing their research skills and the higher level literacy skills required for academic study in the Sixth Form and beyond. You will also academically mentor students and lead study skills workshops and training with small groups of students.

You do not necessarily need to have professional experience within an education-based setting. What is more important is that you can demonstrate the potential to carry out the role. We will invest in your professional development and can support colleagues who may be interested in pursuing a career in teaching in the future.

Haverstock is committed to safeguarding and promoting the welfare of young people and expects all staff and volunteers to share this commitment. The post will be subject to an enhanced DBS disclosure.

To request an application pack, or to have an informal conversation about the role or visit to the school in advance of applying, please email jobs@haverstock.camden.sch.uk

Closing date: Thursday 19th July at noon

Interviews will take place as soon as possible after the closing date
